**6:54: MISSION TIME CHECK:** By April 1<sup>st</sup>, 2010, HCJB Global will end over 70 years of international short-wave broadcasting from Quito, Ecuador. HCJB President Wayne Pederson says the way radio is being accessed has changed, and it has become more effective for HCJB to turn its attention to local AM and FM broadcasts that are “language-specific” to the areas the shortwave station served in Central and South America. Pray today for HCJB Global – as they target people groups in the developing world with broadcasts that will give them the Scriptures in their own languages – something they have never had before. In Quito, Ecuador, the time is 5:55am...in Cleveland, Ohio the time is 6:55am...here’s Moody Radio news with Gary Bittner.
